

Carbon Emissions Offsetting Program

Join our CO₂ offset movement and be the change!

As a BOOM 2024 participant, you can combat climate change by offsetting the CO₂ emissions from your journey.

Powered by the Thrust Carbon CO₂ initiative, our user-friendly platform enables you to offset your individualized carbon footprint from your travel, meetings, accommodation, and more. You also get to decide how your offsetting efforts contribute to social and environmental improvements. Further, you will receive a confirmation from Thrust Carbon accrediting your carbon-neutral status and acknowledging your dedication to reducing emissions.

[Offset your CO2 emissions here](#)

▪

Access

The easy-to-use platform
<https://kenes-group.thrustcarbon.shop>

▪

Enter

Your plans, including travel method and distance, meetings and accommodation

▪

Calculate

Your carbon emissions and receive offsetting suggestions

▪

Choose

Your carbon offsetting project and make a contribution

▪

Receive

Your Thrust Carbon confirmation, certifying your carbon-neutral status

All projects are verified by one of the Gold Standard, Verified Carbon Standard, Woodland Carbon Code, or American Carbon Registry.

Thank you for being proactive in combating climate change. Together, we can meet internationally to advance human knowledge while creating a more sustainable future for all.
